of policy function
exponential linear unit (ELU)
extrinsic reward, 2nd

F

feature engineering
field of view (FOV), 2nd, 3rd
fixed-size memory buffer
flattened parameter vectors
for loop, 2nd, 3rd
forward-model prediction error
forward-prediction model
FOV (field of view), 2nd, 3rd
frames_per_state parameter
frameworks
Freeway game, 2nd, 3rd, 4th
future rewards

G

GANs (generative adversarial networks), 2nd
gated recurrent unit (GRU), 2nd
Gaussian distribution, 2nd, 3rd
generative adversarial networks (GANs), 2nd
generative models
genetic algorithms, 2nd
gen_params function
.get() method
get_action function
get_batch(...) method
get_best_arm function, 2nd
get_coords function
get_mean_field function
get_neighbors function
