update_replay function
use_extrinsic=False function
use_extrinsic=True function
utility function

V

value distribution
value function, 2nd, 3rd, 4th
value-matrix multiplication
values
vanilla gradient descent, 2nd
variance, 2nd
visualizing attention weights, 2nd
VP (verb phrase)

W

weighted average
weighted log-likelihood ratio
while loop, 2nd, 3rd
wiring diagrams
worker function, 2nd
worker nodes

X

x_pos key

Y

y_correct variable
y.detach() method
